Smart Living for Modern Families

- Elegant and efficient layouts designed for urban comfort.
- Open-concept living and dining with contemporary finishing.
- High-quality materials ensuring comfort and long-term durability.
- A lifestyle that blends privacy, convenience, and modern aesthetics.

Layout: 1 Bedroom, Living Room, Kitchen, and Bathroom.

Ideal for: Young professionals and couples seeking a balanced lifestyle.

Welcome to DC Towers by Darin Group

Rising proudly on Erbil's 120 Meter Road, DC Towers is a modern family community designed for comfort, elegance, and lasting quality.

Developed by Darin Group, a leader in Iraq's real estate and investment sectors, the project spans 47,500 m², positioned along the Erbil Corniche, and includes 10 residential towers surrounded by green landscapes and open spaces that create balance and harmony between urban living and nature.

The project also includes a dedicated commercial zone featuring retail shops, cafés, and essential services — offering residents convenience and lifestyle within walking distance.

With %60 of the area dedicated to green spaces, 150 meters between each tower, and international-standard building quality and finishes, DC Towers redefines family living in Erbil with superior design, durability, and comfort.
