- Premium materials, modern kitchens, and luxury finishes throughout.
- Designed for families seeking a serene lifestyle in an upscale community.

Layout: 3 Bedrooms, Living Room, Kitchen, and 2 Bathrooms.
Ideal for: Families valuing comfort, space, and contemporary design.

Welcome to DC Towers by Darin Group

Rising proudly on Erbil's 120 Meter Road, DC Towers is a modern family community designed for comfort, elegance, and lasting quality.

Developed by Darin Group, a leader in Iraq's real estate and investment sectors, the project spans 47,500 m², positioned along the Erbil Corniche, and includes 10 residential towers surrounded by green landscapes and open spaces that create balance and harmony between urban living and nature.

The project also includes a dedicated commercial zone featuring retail shops, cafés, and essential services — offering residents convenience and lifestyle within walking distance.

With %60 of the area dedicated to green spaces, 150 meters between each tower, and international-standard building quality and finishes, DC Towers redefines family living in Erbil with superior design, durability, and comfort.
